

Stratton Youth Space

On Sunday 24th October, HCSG Youth Services, in partnership with the City of Swan, held the official launch and naming of the Stratton Youth Space. The opening day was the culmination of months of planning by the Stratton Youth Events Committee and was an outstanding success. The day began with a 3 on 3 basketball competition on the new half court. This was followed by the official proceedings with speeches from Travis Muir from the Stratton Residents Group, Coralie Flatters, HCSG's General Manager Operations, and Cr Holmes from the City of Swan who declared the space officially open. Cr Holmes concluded by shooting a few hoops with the assistance of some of the young people in attendance.

The day continued with skate, scooter and BMX competitions as well as a facilitated graffiti workshop to design and paint a sign with the new name of the Youth Space - **The Stratton Edge**. The day was a great success and enjoyed by all. Coralie remarked that she thought "it was a great turn out and that the Youth Services team did a great job and should be proud of their efforts."
